Would you like to master the principles of co-creating powerful, affirming relationships?

Then this retreat is for you.

Do you see an opportunity to develop deeper, powerful, generative relationships, beginning with yourself and your Source? What would it be like to build every relationship on a foundation of shared values and mutual respect? How joyful would you be if the relationships in your life were infused with truth, love, authentic self expression, and a deep mutual commitment to each other's growth and continuous evolution?

Master Coach Anita Pathik Law, author of *The Power of Our Way—A Path to a Collective Consciousness*, and her Husband, Singer-Songwriter Brent Law have devoted more than 10 years to inspiring others with their co-creations and a message of hope and potentiality. Their poetry, music and wisdom sharing reaches deep into the spiritual wellspring of Universal Knowledge that opens us to realities that often lie beyond our imagination or belief. Today, after years of requests from friends, family, and clients, they share the **8 Commitments of Spiritual Partnership**; the very commitments they have made, applied and expanded in the creation of their own life, marriage, family, and service partnership. Whether you are seeking your perfect partner for marriage, companionship, or even for business, or you have already found your soul mate, you know that relationships can be challenging. Now you can learn and apply 8 powerful commitments that will enhance each of the 4 Dimensions in your Relationships; Source, Self, Others and the Global Community.

Your donation of just \$275 per person or \$495 per "pair" secures your place in this powerful life-changing workshop and retreat. Single, Married, Partnered or Divorced—Joy and Fulfillment only takes one—YOU! Don't wait. Space is limited!
