Walk the Wheel

"I have been listening to the meditations that I have received and I just want to let you know how much better I feel after each one. It seems I have to be reminded about how I am loved by the Divine and I find that so uplifting as it just fills me with joy, energy and a feeling of peace. You are doing excellent work. From time to time I listen to the Power of My Way song by you and Brent. Thank you so much!" Patricia O'Donnell

"I had already left my Testimonial after I had viewed "The Power Of My Way" movie...I stand by it and it speaks for itself. A few days later I thought "Wow, if the movie impacted me this much, maybe I should check out Anita's book. What do I have to lose?" Already in four days I have gotten more from this than a year of self discipline and commitment completing "A Course In Miracles". I am "blown away!" Anita has really stumbled onto something here. I truly believe that Anita Pathik Law is this generation's emerging "star" author and that Anita and Brent Law's work together will give the Human Potential Movement its biggest boost it's ever experienced. That's just "all good" for the entire world! I don't easily endorse anything. In this case I will make an exception. Buy the book....buy their CDs....DO their Courses....you won't regret it!!" ~Ed Green, Pennsylvania, USA

"From the moment that Anita steps in front of her audience, she captures them with her ease and confidence.... Anita encourages you to open your mind to your hidden dreams; without fear or guilt... but with energy and excitement that all things are truly possible... We are all truly blessed in so many way, but often we do not recognize those gifts....Anita is blessed and has many gifts that she strives to give away so that others can realize their potential with confidence and peace..." ~Karen, On Purpose Women Speaking Engagement

"Anita and Brent Law co-create their lives spiritually through a space of interdependency. Through their presence, actions, words, and music, I consistently experience an osmosis of the true meaning of being a co-creative spiritual partner. I am grateful for Anita and Brent's interdependent sharing of their spiritual life, as it is a demonstration and affirmation of a truth I have always known." ~Love, Peace and Infinite Blessings, Jim Vary, Mount Airy, Maryland

"Brent Law is one of the most talented musicians I have ever had the pleasure of listening to. His music touches the soul within and one's whole body resonates with each note and sound. There is a powerful and spiritual essence that emits from Brent in the manner in which he plays. His musical talent captures the attention of his audience and takes them to another level and dimension." ~Sincerely, Joyce Diana Kolb

"The first time I saw Brent perform I was amazed how effortlessly he went from one instrument to the next and played them all beautifully. I never knew what his natural instrument was; guitar, piano, pan flute, who could tell? When I first heard Brent play and sing his own music though, that was when I really knew his true talent. His melodies and musical abilities are amazing and his songs stay with you. I don't tire of hearing his songs over and over, the more you listen the more you hear. Brent and Anita's lyrics pack a nice soulful punch that gives each song sweet meaning." ~Ronn Nuger

FROM THE POWER OF OUR WAY

“Yet The Power of Our Way remains, for many of us, buried in disappointments, false beliefs and teachings that have been twisted to satisfy a need to feel unique and superior to our brothers and sisters. It is my vision that we take a collective stand in the form of prayer, mental creation, and thought invoking work. This is our part in the collective healing. This is where each of us - individually and collectively - will make a difference.”
